Maldives

Kuredhivaru

Mövenpick Resort Kuredhivaru Maldives offers discerning guests the ultimate beach holiday. Both thrill seekers and leisure lovers will find everything they need along the resort's white sand beaches, where picture-postcard scenes present themselves at every moment.

The resort is located on Noonu Atoll, in the northern part of the Maldives, which remains the least developed area of the Maldives, offering guests untouched natural beauty, abundant sea life and endless views across the Indian Ocean.

The resort is designed in a contemporary style with emphasis on comfortable accommodation and a private, yet stimulating resort experience. Every modern convenience is incorporated amidst desert-island luxury, reflecting Mövenpick's renowned commitment to genuine comforts, delivered exceptionally well.

Each of the 72 Overwater Pool Villas, 30 Beach Pool Suites and 3 Beach Spa Pool Residences are private havens of comfort, comprising large living rooms that lead to wide bathrooms with stand-alone bathtubs and floor to ceiling windows from which to enjoy the shimmering tropical sunlight. Traditional Maldivian arched ceilings of each residence allow fresh air to circulate freely, cooling and adding a sense of abundant space within.

The signature spa is an oasis of calm, where trained therapists soothe mind and body with massages and individually prepared lotions. As replenishing oils restore the body, the serene unbroken ocean views from each secluded bay relax the mind, leaving guests truly at ease.

Younger guests are also taken care of at the Little Bird Club where games, puzzles and activities will keep active minds entertained throughout the day, ready to rest again with parents after an exhilarating day.

Room types	Size (m ²)
Overwater Pool Villas	140
Beach Pool Suites	190

The large bathrooms complete the sense of private indulgence, with walk-in rainshowers and large bathtubs next to floor-to-ceiling windows.

The Beach Pool Suites and Beach Spa Pool Residences are located on the main island, each positioned at least one unit's distance from neighbouring villas and face out to the ocean. Intimate verandahs include dipping pools and shaded gazebos, perfect for relaxing sundowners to cool down. Outside, tall palm trees and native greenery are carefully positioned to retain seclusion without ruining the view.

The generous international buffet breakfast at ONU Marché Restaurant makes every morning good. Lunches and dinners are well catered for at the Latitude 5.5 Restaurant serving prime steaks, ribs, poultry and burgers imported freshly. Bodumas seafood restaurant serves fish, mussels, oysters, crab and shellfish in international classics and lightly spiced local recipes.

Active guests will enjoy daily diving trips to unspoilt reefs teeming with life. The resort's licensed divemasters guide divers to the best spots. The resort is also the perfect destination to take learner dive courses and gain basic certification. Those who desire a chance to explore without exerting themselves can hire a private boat and enjoy weekly excursions to experience dolphins and turtles in their natural habitat or a starlight champagne cruise.

Within the resort guests can maintain fitness levels at the fully-equipped fitness centre and restore mind-body balance at the Yoga Sala. The full-sized tennis court and multipurpose court for football and volleyball give groups of any size chance to exercise every day.

Getting there:

Mövenpick Resort Kuredhivaru Maldives is reached by a short 45 minute flight by private seaplane timed to suit guests' itineraries, directly from the main airport on Malé.
